MESSAGE FROM VICE CHANCELLOR

Rev. Dr. John Felix Raj, S.J.

As I always say, this Jesuit University is a divine base. I have experienced that we have been always helped by the Almighty. Since inception, we have been receiving cooperation from noble hearts at various capacities. The journey has been good so far despite all challenges. St. Xavier's University, Kolkata, within a very short span of time, has appeared to be the first choice for those who are desirous of getting value-based education. We are having students from different corners of the nation which helps us to strengthen the pluralistic realities of the nation. During the pandemic period, in spite of being a new business school, the first three batches of students (Batch of 2020, 2021 and 2022) who graduated were placed in National and Multinational Corporate houses across the country. More than 100 companies have participated in our campus recruitment programmes over the last 3 years.

The aim of Xavier Business School is not just to produce managers; but to endeavor to create future leaders of industry and the country; leaders who believe they can and thus they begin to see opportunities all around. Xavier Business School, equipped with all the facilities available in the best business schools in the country, is offering a two-year residential program in Master of Business Administration (MBA) with specializations in Finance, Marketing and Human Resource. The fourth batch have completed its one year of study and 2-month of summer internships in leading private and public sector companies. We are hopeful that these students will get good opportunities to start off their career in esteemed organizations, which will, in the real sense, boost their career ahead. I wish the students all success. I also take this opportunity to invite the recruiting managers and hiring supervisors of the corporate world to be a part of our campus placement programs and give our students an opportunity to prove their mettle and exhibit their readiness to take on the challenges of the corporate world.

God bless all of us. Nihil Ultra!

Rev. Dr. John Felix Raj, S.J.

DEAN'S MESSAGE

Dr. Manodip Ray Chaudhuri

Greetings to all!

I am delighted to share that third batch of students (2020-2022) of Xavier Business School, St. Xavier's University, Kolkata have graduated with flying colors. The campus placements were impressive, with nearly 93% of students finding jobs through our Campus Recruitment programme. A total of 48 businesses took part in the process, including 25 new recruiters who showed their confidence in our students. XBS is home to plenteous students of Business Management where they are engaged in a lively exploration of management sciences with the goal of self-improvement and the creation of new knowledge. We received such a positive response from the industry despite the fact that we are a new business school that began operations in August 2018. This was made possible by a number of factors, including teaching pedagogy, a structured campus environment, skill-enhancement classes, a regular mentor-mentee programme, an updated curriculum, etc.

Our faculty is a community of committed researchers and educators whose work pushes the boundaries of generous and magnanimous knowledge and altruistic imaginations. They also devote themselves to educating students for a variety of jobs and lifetime learning. At Xavier Business School, students are required to learn both inside and outside of the classroom, with constant supervision and direction throughout their academic careers. The school offers top-notch instruction while also laying a solid foundation for the development and improvement of young brains as they prepare to enter the corporate world in style with daring, bravery, and boldness. I would like to thank all our recruiters for their instrumental role in the successful placements of our students in leading firms of the country. I would also like to appreciate our Faculty, Staff and all Placement Committee members for their tireless perseverance and efforts which have resulted in the progression of the Institute in all areas.

Lastly, I congratulate each student who have completed their course from this Institution. My best wishes to them as they begin their new phase of professional life.
