India’s best emerging **B-school** backed
by a **500-year-old Jesuit Legacy** –
Creating **men** and **women** for others”

DEAN'S MESSAGE

Greetings to all!

I am delighted to share that third batch of students (2020-2022) of Xavier Business School, St. Xavier's University, Kolkata have graduated with flying colours. The campus placements were impressive, with nearly 97% of students finding jobs through our Campus Recruitment Program. A total of 25 sectors were covered in the process with 90 companies participating in the process. XBS is home to plenteous students of Business Management where they are engaged in a lively exploration of management sciences with the goal of self-improvement and the creation of new knowledge. We received such a positive response from the industry despite the fact that we are a new business school that began operations in August 2018. This was made possible by a number of factors, including teaching pedagogy, a structured campus environment, skill-enhancement classes, a regular mentor-mentee program, an updated curriculum, etc.

Our faculty is a community of committed researchers and educators whose work pushes the boundaries of generous and magnanimous knowledge and altruistic imaginations. They also devote themselves to educating students for a variety of jobs and lifetime learning. At Xavier Business School, students are required to learn both inside and outside of the classroom, with constant supervision and direction throughout their academic careers. The school offers top-notch instruction while also laying a solid foundation for the development and improvement of young brains as they prepare to enter the corporate world in style with daring, bravery, and boldness. I would like to thank all our recruiters for their instrumental role in the successful placements of our students in leading firms of the country. I would also like to appreciate our Faculty, Staff and all Placement Committee members for their tireless perseverance and efforts which have resulted in the progression of the Institute in all areas. Lastly, I congratulate each student who have completed their course from this Institution. My best wishes to them as they begin their new phase of professional life.

Dr. Manodip Ray Chaudhuri
Dean – Xavier Business School

STUDENT TESTIMONIALS

There was so much more to the MBA program than what I had initially expected. It was more than just an educational experience for me. The entire course has been a phenomenal leadership training, personal growth and professional development experience as well. The programme as a whole, in my opinion, was really well-designed and had greatly benefited my long-term job goals of becoming an entrepreneur.

Vedika Neotia (MBA in Marketing)

Working as an Associate Research Manager at Kantar IMRB

Back in 2020 during the pandemic when I had joined XBS my aim was just to get placed in a Multinational Company. Success did not come to me that easy as it seems today. During the time of summer internship, I had to face a lot of rejection but the faculty members at XBS kept on motivating and guiding me. During the two years at XBS, I was constantly being guided by my mentor professors. My sincere gratitude to all the members of XBS family who helped me during the journey to the corporate world.

Rahul Thakur (MBA in Finance)

Working as a Senior Management Trainee at HCL Technologies Ltd.

Joining Xavier Business School to pursue my MBA degree has proved to be very helpful and fruitful in shaping a bright future ahead. The campus is full of limitless opportunities. The knowledge from faculty and the ongoing support from the placement cell is commendable. Various value-added courses and Soft Skills sessions organized by the placement cell boosted my confidence and helped me to face the Campus Recruitment Process with ease. I'm grateful to this institute for giving me a brilliant breakthrough for my career. My overall experience at XBS was great and I am thankful to all for guiding me in all fronts.

Sonal Man Singh (MBA in HR)

Working as Learning & Development Executive at KPMG Global Services
